Part I: Book Information

For this section you will need to get the information on the book needed for an MLA work cited reference and assembled it as it would appear in a MLA work cited reference page for a research paper in the space below. Go to class web site if you have forgotten how to do this.

Part II: Explain the _____ versus _____ in the book.

Fantasy books always have some competing ideas, values, philosophies or human condition that drive the book. Explain what it is in the book you have chose and offer at least three pieces of proof from the book.

Part III: What if

Every fiction book begins when an author asks the question “What if?”. In the book you have read explain the “What if” giving proof from the book to back up your answer.

Part V: Literary Elements

The success or failure of a fantasy novel depends on the author’s ability to create vivid images that the read can see in their mind. Choose some aspect of the novel that you felt the author did a particularly good job of creating the image and one that you felt was not particularly done well. In each explain what made it good or what was lacking.
